TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 22—APPEALS OF PREFERENCE ELIGIBLES UNDER THE VETERANS' PREFERENCE ACT OF 1944

MISCELLANEOUS AMENDMENTS

Effective upon publication in the FEDERAL REGISTER, §§ 22.3 and 22.4 are amended to read as follows:

§ 22.3 Notification of adverse decisions of administrative officers of agencies. Adverse decisions by administrative officers following notification of proposed adverse action, charges and opportunity for answer shall be in writing, dated, and submitted to the employee promptly after such decisions have been made. The employee shall at the same time be advised, in the same notification, of his right to appeal the adverse decision to the appropriate office of the Civil Service Commission within ten (10) days after the date the adverse decision becomes effective.

§ 22.4 Appeals to the Commission; time limit. The Commission will not entertain an appeal for consideration or review of any action under section 14 of the Veterans' Preference Act of 1944 prior to an adverse decision making effective the discharge, suspension for more than thirty (30) days, furlough without pay, or reduction in rank or compensation. Ten (10) days after the effective date of the adverse decision shall be considered as a reasonable time to prepare and submit an appeal under this section: *Provided*, That in a reduction in rank (grade) resulting from an allocation of a field position by an employing agency, where there is a right to appeal the position allocation to the agency under its established administrative procedures, the time limit on the appeal to the Commission shall be either ten (10) days after the effective date of the adverse decision or ten (10) days after the decision by the agency on the administrative position allocation appeal, at the election of the employee. The time limit may be extended in the discretion of the Commission upon a showing by the employee that he was not notified of his right to

appeal as provided in § 22.3 and was unaware of his right in this respect or that circumstances beyond his control prevented him from filing an appeal within the prescribed ten (10) days.

(Sec. 11, 58 Stat. 390; 5 U. S. C. 860)

NOTE: The Commission has found that good cause exists for making these amendments effective upon publication in the FEDERAL REGISTER since they are designed to clarify the rights granted to veteran preference eligibles by section 14 of the Veterans' Preference Act of 1944.

Subchapter L—Irrigation Charges: Operation and Maintenance

PART 130—OPERATION AND MAINTENANCE CHARGES

COLORADO RIVER INDIAN IRRIGATION PROJECT, ARIZONA

MARCH 3, 1949.

On December 31, 1948, there was published in the FEDERAL REGISTER a notice of intention to amend §§ 130.6, 130.7a and 130.8 of Title 25, Code of Federal Regulations. These sections in their proposed amended form were stated verbatim in the notice. They prescribe the rate of annual assessments, to be made against lands on the Colorado River Indian Irrigation Project on a per acre basis as required by law, to meet the costs of operating and maintaining the project.

The proposed increase in rates was discussed with the Indian tribal council of the Colorado River Reservation several times in advance of publication of the notice. Following the publication, the tribe, through counsel, filed written objections.

Principally, it was contended that in discussions had some eight or ten years

ago when the construction of the Headgate Rock Dam was being considered, the Indians were lead to believe that the construction of the dam would result in a lower rate of assessments by obviating the need for continuing pumping operations, and that the promised reduction in rates was not made until 1946. (At that time the rate for the delivery of 4 acre-feet of water was \$6.50 per acre-foot per acre.) Our records show, however, that in 1942 the assessment was reduced from the previous rate of \$6.50 to \$4.50 basic charge for the delivery of 4 acre-feet of water per acre. It was further found that for all subsequent years, except 1943, until 1947, the rate has been \$4.50 for the delivery of 4 acre-feet of water per acre of land irrigated; and that in 1947 and 1948, the rate was reduced to \$3.50 for 4 acre-feet of water with the further provision that water would be delivered to certain land on the old part of the project not fully prepared for irrigation by payment of $\frac{1}{2}$ of the basic charge, the balance of which would stand as a lien against the lands.

The Indians also objected to the provision in the order reciting that the remaining $\frac{1}{2}$ of the basic rate for certain lands on the old part of the reservation, if not paid, would stand as a lien against the land. Their attention was called to the fact that the lien is not created by the order but by act of Congress approved March 7, 1928 (45 Stat. 210, 25 U. S. C. 1940 ed. 387), and that the reference thereto in the order was but a declaration or notice to the landowner of the fact that a lien would exist for the unpaid balance of the basic assessment. This is so because under the said act the total costs must be spread over all of the assessable lands on a per acre basis.

Reports from the Project giving an analysis of costs in recent years and an estimate of costs for operating and maintaining the Project for 1949 lead to the conclusion that the increase in rates carried in the notice published December 31, 1948, are necessary to meet operating expenses in 1949. The sections of the Code of Federal Regulations mentioned, amended as published in the said notice are, therefore, approved and promulgated as follows:

§ 130.6 Charges. Pursuant to the provisions of the acts of Congress approved August 1, 1914 and March 7, 1928 (38 Stat. 583, 45 Stat. 210; 25 U. S. C. 385, 387), the annual basic charge against the land to which water can be delivered under the Colorado River Indian Irrigation project in Arizona, for the operation and maintenance of that project, is hereby fixed until further notice at \$5.00 per acre per annum for the delivery of not to exceed four acre feet of water per acre per annum, except that when, with the approval of the Superintendent, certain alkali tracts are planted to rice with a view to reclaiming the lands, a quantity of water reasonably sufficient to carry away alkali salts may be furnished to any such tracts of land for not more than two successive years at a rate of \$5.00 per acre per annum: *Provided, however,* That the owners of Indian lands that are not under lease to non-Indian lessees and whose lands are located within the boundaries of Townships 8 and 9 North, Ranges 20 and 21 West, S. & G. R. B. M., commonly known as the old portion of the project, shall be required to make only a partial cash payment of \$2.50 per acre per annum until such time as in the opinion of the Superintendent these lands are subjugated to the standards now being followed in the development of new lands in other parts of the project. The remaining unpaid part of the \$5.00 basic assessments in such cases shall stand as a first lien against the land until paid. The foregoing charges shall become effective for the irrigation season of 1949 and continue in effect thereafter until further notice.

§ 130.7a Charges for stock water. For stock water delivered through the project canal and lateral system to residents using reservation lands for stock purposes only, a charge of \$2.00 shall be made for each filling of a stock water tank.

§ 130.8 Time of payments. The basic water charge fixed in § 130.6 shall become due on March 1 of each year and shall be payable on or before that date each year, except that in cases of Indians who have been in possession of lands under tribal permit or assignment less than six months on said date, the payment shall become due the first day of July following; except further that where Indian lands, upon which the annual assessment has not been paid for any particular year, are leased effective July 1 of such year to terminate June 30 of a subsequent calendar year, and containing provisions that the lessee shall pay the operation and maintenance assessments, only one-half of the assessment shall be collected from the lessee for the remainder of the calendar year during which the lease is made and shall be payable on or before the effective date of the lease. For the last six months of the term of such a lease one-half of the annual assessment shall be paid on or before March 1, preceding the expiration of the lease.

PART 176—DRAWBACK ON DISTILLED SPIRITS AND WINES

MISCELLANEOUS AMENDMENTS

1. Sections 176.16 (e), 176.17 (e), 176.170, 176.21 (b), 176.22 and 176.57 of Regulations 28, approved August 29, 1940 (26 CFR, Part 176) are hereby amended.

2. The purpose of these amendments is to eliminate the requirement for the preparation of Form 1600, Certificate of District Supervisor of Alcohol Tax Unit of Tax-Paid Spirits or Wines Bottled Especially for Export.

3. It is found that compliance with the notice, public rule-making procedure and effective date requirements of the Administrative Procedure Act, approved June 11, 1946, is unnecessary in connection with the issuance of these regulations for the reason the changes made are of an administrative nature only.

§ 176.16 Bottling of distilled spirits or wines without rectification by rectifiers and proprietors of tax-paid bottling houses. * * *

(e) *Action by district supervisor.* The district supervisor shall forward Form 230 to the Commissioner for use in connection with the examination of the claim for drawback on such spirits or wines.

§ 176.17 Bottling of wines by wine-makers or proprietors of bonded store-rooms. * * *

(e) *Action by district supervisor.* The district supervisor shall forward Form 230 to the Commissioner for use in con-

nexion with the examination of the claim for drawback on such wines.

§ 176.22 Rectification by person other than the bottler. Where distilled spirits or wines intended to be bottled especially for export with benefit of drawback are to be rectified by a person other than the bottler, the rectifier shall insert in each copy of Form 122, after the description of the packages to be dumped, a notice of intention as follows:

The above described spirits (or wines) will, after rectification, be packaged and shipped to _____
(Name and address of bottler)
for bottling especially for export.

When the spirits have been rectified and packaged, the rectifier shall insert in each copy of Form 237, before forwarding the same to the district supervisor, a notice of intention as follows:

The above described spirits (or wines) rectified pursuant to Form 122, Serial No. _____, dated _____, 19_____, are to be shipped to _____
(Name and address of bottler)
for bottling especially for export.

After the packages have been properly stamped, the rectifier shall stencil or mark thereon, in addition to the other required marks or brands, the words "for bottling especially for export." Such packages shall then be deposited in the export storage room pending release by the Government officer for shipment to the bottling plant, unless they are to be shipped immediately. The rectifier and the storekeeper-gauger, or designated officer, will proceed otherwise in accordance with the provisions of §§ 176.18 to 176.21, and in addition the rectifier will furnish the bottler with a copy of the Form 237. The district supervisor shall forward to the Commissioner a copy each of Forms 122 and 237 and Form 1583, if any, for use in connection with the examination of the claim for drawback on such spirits or wines. If the spirits or wines so rectified are to be transferred by pipe line to a contiguous tax-paid bottling house, the rectifier shall proceed in accordance with the provisions of this section, except that he shall insert in each copy of Form 237, before forwarding one copy to the bottler and two copies to the district supervisor, in lieu of the notice of intention above required, a notice of intention as follows:

The above described spirits (or wines) rectified pursuant to Form 122, Serial No. _____, dated _____, 19_____, are to be transferred by pipe line to _____
(Name and address of bottler)
for bottling
especially for export.

§ 176.57 Action on claim. The Commissioner will, upon receipt of the claim, Form 1582 or Form 1582-A, from the district supervisor, examine the claim and the records of his office, Forms 122, 230, 237, 1583 and 1684 previously furnished him as provided by §§ 176.16 to 176.23, to determine whether the spirits or wines described in the claim have been fully tax-paid. If the Commissioner finds that such spirits or wines have been fully tax-paid he will approve the claim and schedule it for payment. If the claim is disallowed, the Commissioner will so notify the claimant and state the reasons therefore.

4. This Treasury decision shall be effective on the date of its publication in the FEDERAL REGISTER.

NOTICES

NATIONAL MILITARY ESTABLISHMENT

Department of the Army

MILITARY GOVERNMENT FOR GERMANY
(U. S.)

EXPORT-IMPORT INFORMATION

Instructions and Memoranda controlling exports from Germany and Imports into Germany, published in 14 F. R. 244, January 18, 1949 and amended in 14 F. R. 660, February 15, 1949, are further amended by the addition of JEIA Instruction No. 29, the text of which reads as follows:

JEIA INSTRUCTION NO. 29

(Effective Date 28 February 1949)

SUBJECT: IMPORT LICENSING PROCEDURE

OBJECT

1. To establish a revised decentralized import licensing procedure to facilitate and expedite the import of commodities needed for export production and the essential internal economy, effective 28 February 1949, provided, however, that for the time being and until further notice this procedure will not be effective in the US, UK, and French Sectors of Berlin and the French Zone of Occupied Germany.

SCOPE

2. The issue of import licenses under the terms and conditions of this instruction is authorized for approved imports, subject to the regulations of the Main Office, Joint Export-Import Agency (hereinafter referred to as JEIA).

3. This instruction rescinds JEIA Instruction No. 4, as amended, and JEIA Instruction No. 10, as amended.

4. Any importer, manufacturer, or industry group (hereinafter referred to as "importer"), will be eligible to import commodities under this procedure.

IMPORT ADVISORY COMMITTEE

5. An Import Advisory Committee (hereinafter referred to as IAC) will be established to supervise imports into the Bizonal Area of Western Germany. The IAC will consist of the Director Foreign Trade Division, JEIA, as chairman, and representatives of JEIA, Bipartite Control Office (BICO), German Administration for Economics (VfW), German Administration for Food, Agriculture and Forestry (VELF), and Bank Deutscher Laender. The IAC may place such restrictions or regulations on, or issue such instructions for, the importation of any commodity as it may deem desirable.

6. After JEIA approval of quarterly budgets and supplements thereto and the commodity programs established thereunder, the VfW and VELF will jointly from time to time issue public notices regarding the list of commodities approved by IAC for import under this decentralized procedure, the quantity and total budgetary amount allocated for each commodity, together with such restrictions, regulations or instructions as may pertain to such approval.

BUDGET CONTROL

7. Under the supervision of JEIA, a Central Commodity Budget Office (hereinafter referred to as CCBO) will be established. The CCBO will maintain records of all budgetary allocations in accordance with instructions issued by the Comptroller, JEIA. The code system of commodity and country of source numbers (1938 German code—Aussenhandelswarenverzeichnis) will be used for simplification of record keeping and transmittal of information between Aussenhandelsbanken and CCBO as hereinafter provided.

IMPORT APPLICATION

8. An importer desiring to import commodity for which provision is made in the budget, will negotiate directly with foreign suppliers in accordance with normal trade practices. The importer will submit an import license form in quintuplicate to a Foreign Trade Bank (hereinafter referred to as Aussenhandelsbank). The importer will place the appropriate commodity and country of source code number on the import license form. No import license will be submitted for any commodity in an amount in excess of 20% of the total budgetary allocation for the particular commodity except as otherwise authorized by IAC. Where limitations have been placed by IAC upon country of source, but the importer can obtain the commodity from sources other than those designated or more favorable terms, he can request IAC to reconsider the matter.

CLEARANCE BY CCBO

9. Aussenhandelsbanken will utilize fund allocations and render reports thereon to CCBO in accordance with instructions issued by Bank Deutscher Laender with the approval of IAC. These instructions will prescribe the method of verification of availability of funds and authority to issue the import license.

10. Immediately upon receipt of notification of proposed utilization of funds CCBO will check that the necessary funds have been approved for the proposed import and not yet allocated for expenditure. Where funds are available CCBO will make the proper nota-

tion in its records and transmit approval of the proposed fund utilization through banking channels. Where budgetary funds have all been previously committed the Aussenhandelsbank will be immediately notified of the disapproval of the license. If only a portion of the requested amount is available, because the budgetary allocation has been previously committed CCBO will enter the total available amount in its records and the Aussenhandelsbank will be notified accordingly. Where the commodity is to be paid with ECA funds, the Aussenhandelsbank will be so advised and will make an appropriate notation on the import license before issue thereof.

11. The Aussenhandelsbank will notify the importer within 24 hours of receipt of notification of approval in whole or part or disapproval of license. In the event that an importer refuses to accept the license for a lesser quantity than originally applied for, he will so notify the Aussenhandelsbank within one week and the Aussenhandelsbank will promptly notify the CCBO in order to make the released amount available to other importers.

DOCUMENTATION

12. Upon receipt of notification of approval the import license will be stamped "Approved on behalf of JEIA", dated, and signed by the Aussenhandelsbank, and given a serial number beginning with 0001 preceded by an identifying symbol of the Aussenhandelsbank. The license will be distributed as follows:

- (a) One copy retained by Aussenhandelsbank;
- (b) One copy to CCBO;
- (c) Three copies to the importer for following use:
 - (i) One copy for customs;
 - (ii) One copy for importer;
 - (iii) One copy for seller, when required.

MISCELLANEOUS IMPORTS

13. Importers will be permitted in accordance with this instruction to obtain import licenses for miscellaneous commodities, operating supplies, and maintenance materials required for export production or essential internal economy production and not covered by specific commodity budgetary provisions, to the extent of CCBO's budgetary allocation for miscellaneous imports. IAC will issue appropriate regulations in regard to import licensing of miscellaneous imports under this paragraph.

ALLOCATION CERTIFICATE

14. In such cases as IAC may determine, allocations may be made for the import of any commodity by an approved industry, trade or import group. In such cases, IAC shall determine the appropriate fund allocation plan and fund allocation certificates shall be issued to the designated parties by

¹ Filed as part of the original document.

VfW or VELF in accordance with the approved plan. When an importer submits the import license form, as provided in paragraph 8 above, together with such a fund allocation certificate to an Aussenhandelsbank, the Aussenhandelsbank will not be required to obtain further approval before issuing the import license. The Aussenhandelsbank will, however, submit the copy of the license daily to CCBO, as provided in paragraph 12 above, together with the fund allocation certificate number. Any divergence from country source stated on fund allocation certificate must be referred to IAC for approval before import license is issued.

IMPORT CONTRACTS

15. Importers will negotiate their contracts in accordance with normal trade practices. They must be prepared to justify their prices as the most favorable which could have been obtained under the circumstances. Purchases on normal credit terms are authorized where such purchases can be made without prejudice to price. Records of all import commitments will be held available by importers for examination by JEIA or its designee or both. Failure of importers to comply with the terms and conditions of this instruction may be grounds for denial of future import licenses.

SHIPPING

16. The use of German shipping and German ship brokers will be in accordance with JEIA Instruction No. 11, 17, and 19 respectively.

PAYMENTS FOR IMPORTS

17. The importer shall arrange payment terms in accordance with the customs of the trade but in no event shall payment be made before presentation of required shipping documents except with special approval of IAC. The importer will request the Aussenhandelsbank issuing the license to arrange for the establishment of letters of credit or other foreign exchange financing necessary to place the imported commodities at German-US/UK/French Zone-border. Foreign exchange payments will be made only in the appropriate currency as set forth in JEIA Operational Memorandum No. 32. No letters of credit or other foreign exchange financing will be established earlier than sixty days before the anticipated delivery of the imported commodity in accordance with the contract terms, except with approval of IAC.

DEUTSCHE MARK PAYMENT

18. (a) Deutsche Mark financing of imports will be arranged on the basis of JEIA Operational Memorandum No. 25 in accordance with normal banking requirements within the framework of the payments arrangements existing with the foreign countries concerned.

(b) Where a central import is made by JEIA and the goods are to be turned over to a German consignee upon arrival, the designated consignee will make the appropriate Deutsche Mark payment to the Aussenhandelsbank for the import in accordance with JEIA Operational Memorandum No. 25 or arrange for the Deutsche Mark financing with the Aussenhandelsbank in accordance with normal banking practice before the shipping documents or goods are turned over to him.

VALIDITY OF IMPORT LICENSE

19. Any import license issued hereunder shall be valid for not more than six months from date of issue. Within fourteen (14) days of the expiration date of an import license, importer shall apply to the Aussenhandelsbank for renewal and the CCBO shall be notified of any such renewal. Such renewal will be granted by the Aussenhandelsbank only where foreign exchange financing has been established. If no renewal request

[Docket No. 9237]

AMERICAN TELEPHONE AND TELEGRAPH CO.
ET AL.

ORDER INSTITUTING INVESTIGATION

In the matter of American Telephone and Telegraph Company, et al., Docket No. 9237; proposed modification of regulations applicable to television transmission services and facilities.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 25th day of February 1949;

The Commission, having under consideration new tariff schedules filed by American Telephone and Telegraph Company and other Bell System companies as set forth in the Appendix hereto, which is made a part hereof, effective March 1, 1949, with respect to the furnishing of channels for television transmission services and facilities; and also having under consideration a joint

petition dated and filed with the Commission February 18, 1949 by Television Broadcasters Association, Allen B. DuMont Laboratories, Inc., Philco Corporation and Philco Television Broadcasting Corporation, requesting suspension of the new tariff schedules so filed by American Telephone and Telegraph Company and New England Telephone and Telegraph Company, and also requesting that an investigation and hearings be held concerning the lawfulness of the proposed modifications contained therein; the informal reply of the American Telephone and Telegraph Company to said petition, filed February 24, 1949; and the proceedings in Docket No. 8963, "In the Matter of American Telephone and Telegraph Company and The Western Union Telegraph Company—Charges and regulations for television transmission services and facilities";

It appearing, that the record of the proceeding in Docket No. 8963 is now before the Commission for determination with respect to the lawfulness of the regulations and practices of American Telephone and Telegraph Company applicable to the interconnection of their television transmission facilities with those of others;

It further appearing, that the new tariff schedules herein under consideration raise questions with respect to the lawfulness thereof similar to those at issue and under the consideration in Docket No. 8963;

It further appearing, that the record in Docket No. 8963 with respect to the so-called interconnection issue was closed on December 7, 1948, before any of the new tariff schedules herein under consideration were filed with the Commission, and said tariff schedules are therefore not a part of the record in Docket No. 8963; and the Commission is not in a position at this time to make findings with respect to the lawfulness of these specific tariffs;

It further appearing, that the Commission should be afforded an opportunity to consider the record made in Docket No. 8963 with respect to the lawfulness of the regulations and practices of the American Telephone and Telegraph Company applicable to the interconnection of their television transmission facilities with those of others, before the new tariff schedules herein under consideration can become effective;

It is ordered, That the aforementioned petition of Television Broadcasters Association, Allen B. DuMont Laboratories, Inc., Philco Corporation and Philco Television Broadcasting Corporation is granted and that the Commission shall enter upon a hearing concerning the lawfulness of the new tariff schedules of American Telephone and Telegraph Company and New England Telephone and Telegraph Company as specified in the Appendix hereto, and that upon its own motion, and without formal pleading, the Commission shall at the same time enter upon a hearing concerning the lawfulness of the new tariff schedules of the other Bell System companies, as specified in the Appendix hereto;

It is further ordered, That, pursuant to section 204 of the Communications Act of 1934, as amended, the operation

of the new tariff schedules of American Telephone and Telegraph Company and of the Bell System companies as specified in the Appendix hereto, is suspended until June 1, 1949, unless otherwise ordered by the Commission; and that during said period of suspension no changes shall be made in said tariff schedules or in the tariff schedules sought to be altered thereby, unless authorized by special permission of the Commission;

It is further ordered, That, pursuant to sections 204, 205 and 403 of the Communications Act of 1934, as amended, an investigation is instituted into the lawfulness of the regulations and practices of the respondent carriers with respect to the interconnection of their television transmission facilities with those of others;

It is further ordered, That American Telephone and Telegraph Company, the Bell System companies named in the Appendix hereto, and all carriers concurring in the tariffs of said companies so named, are made parties respondent to this proceeding; and that Television Broadcasters Association, Allen B. Dumont Laboratories, Inc., Philco Corporation, Philco Television Broadcasting Corporation and The Western Union Telegraph Company are hereby given leave to intervene and participate fully in the proceeding herein upon filing of notice of intention to do so;

It is further ordered, That the record of the proceeding in Docket No. 8963 is incorporated in and made a part of the proceeding herein;

It is further ordered, That hearings be held in this proceeding at the offices of the Commission in Washington, D. C., on a date to be specified by the Commission;

Notice is hereby given that § 1.857 of the Commission's rules and regulations is inapplicable to this proceeding.

Released: February 28, 1949.
